He will therefore send free, to any address, in a sealed envelope, on receipt of a directed envelope enclosing two stamps, to pre-pay postage, a copy of the medical work, containing every information required. AN ACT OF SINCERE GRATITUDE.

5,000 Copies of a Medical Book to be given away

A CLERGYMAN of the CHURCH of ENGLAND having been cured of severe Nervousness, Pains in the Head, Loss of Memory, Indigestion, Debility, Prostration, and other fearful symptoms, not the least of which was the great mental anguish resulting from the terrors occasioned by the frauds of wicked pretenders, adopts this unusual mode of testifying his deep gratitude, by publishing, for the benefit of others, the means employed for his own marvellous restoration to health and happiness, to which he had long been a stranger. He will therefore send a copy of the remarkable book containing all the necessary information, on receipt of two penny stamps to prepay postage. Address: Rev. H. R. Travers, M.A., 1, North Cumberland-place, Bayswater, Middlesex.

CAUTION.—The advertiser regrets to find that of late several disreputable quacks have dishonestly adopted this plan of puffing off their deceptive books.

LONDON CONGREGATIONAL CHAPEL BUILDING SOCIETY.

APPEAL FOR ADDITIONAL HELP.

I. In addition to the indirect influence which the formation and labours of this Society are admitted to have exerted upon the cause of chapel extension in London and throughout the country, it has, during the nine years of its existence, wholly erected, purchased, or aided by loans or grants, 29 chapels, containing 19,300 sittings, and which have cost the Society, and those engaged in these undertakings, 88,000l.

II. The Society is under obligations, at the present time, to the extent of 3,550l. in consequence of grants promised in aid of the erection of chapels at the following places:—

CHELSEA,
WOOLWICH,
ERITH,
SOUTHWARK,
WANDSWORTH,
NEW PECKHAM,
KILBURN,
HIGHGATE.

The aid which the Society has engaged to give to some of these enterprises, while not adequate to their importance, is to the full extent of its present resources.

III. Applications are constantly pressed upon the Committee for assistance in the purchase or erection of chapels in populous neighbourhoods where great destitution prevails, which they are compelled to decline on account of the want of adequate funds.

IV. The population of London is ever shifting, and requires corresponding efforts to meet the necessities of new neighbourhoods; and it may be added that the population of the Metropolis is about equal to that of the entire Kingdom of Scotland, and is increasing at the rate of 40,000 annually. It has been estimated that in Scotland there are 2,500 places of worship where the Gospel is preached, while in the Metropolis there are only 700 such places.

These facts constitute the Committee's appeal for generous contributions, which they would earnestly address, not only to their Brethren in the Metropolis, but throughout the country; for they feel that the present most inadequate provision of the means of public worship in this great capital gives to this Society strong claims upon our churches throughout the United Kingdom.

JOHN BRAMALL, Secretaries.

Contributions will be thankfully received by Eusebius Smith, Esq., 36, Canon-street, City; and by the Secretaries, at the Office, 7, Blomfield-street, Finsbury, E.C.

TO NERVOUS AND RHEUMATIC SUFFERERS.

£10,000 DAMAGES.—The condemnation of Mr. C. Meinig (ex-agent), on the 30th of November, 1856, by the High Courts of England and France, for infringing the rights of the Inventor of the Patent Medical Electric Chains, and for clandestinely applying the high testimonials given upon them to an electro-instrument circulated by him amongst our agents under false pretences, will, it is hoped, make all purchasers, to secure genuine Chains, particularly notice that no other fac-simile or seal but "J. L. PULVERMACHER'S" is marked on each box, together with the National Arms of the Six Countries in which they are patented, without which none are real.

PULVERMACHER'S PATENT MEDICAL ELECTRO-GALVANIC CHAINS, for personal use—a safe, certain, and speedy remedy for Rheumatic, Nervous, and Functional Diseases. They weigh but two ounces, and are intended to be worn on the affected parts of the body. On the first application (in fact, in an instant) the system becomes light and invigorated, and the Head, Ear, and Tooth-ache, and all acute Pains, vanish in an extraordinary manner; also, in a few hours, and at most in a few days, the worst cases of Rheumatism, Gout, Lumbago, Sciatica, Neuralgia, Deafness, Indigestion, Liver, Biliary, and Female Complaints, Constipation, Spasms, Epilepsy, Paralysis, and many other Chronic Diseases, are totally eradicated. Thousands of Testimonials of Cures, both from Private Persons and Medical Practitioners, in every part of the world, confirm these facts. In the "Life" of that remarkable Divine, Dr. Kitto, it says,—"The instant I applied a small Pulvermacher's Chain I felt a pleasant electric current pass through my system, and immediately my pains left me." He was the greatest sufferer ever known, especially from Deafness, Paralysis, and Rheumatism. Adopted by the Academie de Medecine, Paris; and Rewarded at the Great Exhibition of 1855. Deemed worthy of high eulogium in the Works and Writings of those great Philosophers and eminent Physicians, Sir C. Locock, Bart., Physician to her Majesty; Golding Bird, Pereira, Lardner, Duchenne, Becquerel, Pouillet, Delarive, Oppolzer, and many others. These Chains, as the "Lancet" and other Medical Journals state, must at once convince every person of their extraordinary curative powers who will give them one moment's trial. Price 5s., 10s. 6d.,—the 15s., 18s., and 22s. most useful. J. L. PULVERMACHER and Co., 73, Oxford-street, adjoining the Princess's Theatre, London.

"BAD BLOOD and ILL HEALTH."

are best remedied by Dr. ZADD JEBB'S SARSAPARILLA, DANDELION, CHAMOMILE, and QUININE PILLS. Pure blood gives life, health, and vigour, bad blood brings on illness in all its varieties.

The discoveries in Medical Science enabled Dr. Zadd Jebb to combine the above vegetable drugs in such a manner that the properties of one do not destroy those of the other, and this discovery is only known to the executors of Dr. Zadd Jebb.

These pills are admitted by medical men to be the safest remedy for Torpid Liver, Biliousness, Skin Diseases, Blisters, Pimples, Headache, Nervousness, Loss of Appetite, Debility, Gravel, Stone, Rheumatism, Gout, Kidney Disease, Pains in the Limbs, and for Poor Health. They purify the blood, strengthen the nerves, and revive the system by reorganising the vital tissue. The public must protect themselves by asking for Zadd Jebb's Pills, as they are the only pills answering to this advertisement. If not obtainable, boxes are sent free by post on receipt of stamps, addressed to Z. JEBB, 15, Hungerford-street, London, price 1s. 1½d., 2s. 9d., 4s. 6d., and 11s.

No. 9, Lower Grosvenor-street, Grosvenor-square. (Removed from No. 61.)

BY HER MAJESTY'S ROYAL LETTERS

PATENT.—Newly-invented and Patented application of chemically-prepared White and Gum-coloured India-rubber in the construction of Artificial Teeth, Gums, and Palates.

Mr. EPHRAIM MOSELY, Surgeon-Dentist, 9, Lower Grosvenor-street, Grosvenor-square, Sole Inventor and Patentee.

A new, original, and invaluable invention, consisting in the adaptation, with the most absolute perfection and success, of CHEMICALLY-PREPARED WHITE and GUM-COLOURED INDIA-RUBBER, as a lining to the ordinary gold or bone frame. The extraordinary results of this application may be briefly noted in a few of their most prominent features:—

All sharp edges are avoided; no springs, wires, or fastenings are required; a greatly-increased freedom of suction is supplied; a natural elasticity hitherto wholly unattainable; and a fit, perfected with the most unerring accuracy, is secured, while, from the softness and flexibility of the agents employed, the greatest support is given to the adjoining teeth when loose or rendered tender by the absorption of the gums.

The acids of the mouth exert no agency on the chemically-prepared India-rubber, and, as it is a non-conductor, fluids of any temperature may, with thorough comfort, be imbibed and retained in the mouth, all unpleasantness of smell and taste being at the same time wholly provided against by the peculiar nature of its preparation.

To be obtained only at No. 9, Lower Grosvenor-street, Grosvenor-square, London; 14, Gay-street, Bath; and 10, Eldon-square, Newcastle-on-Tyne.

TEETH.—A NEW DISCOVERY, whereby

ARTIFICIAL TEETH and GUMS are fitted with absolute perfection and success hitherto unattainable. No springs or wires, no extraction of roots, or any painful operation. This important invention perfects the beautiful art of the dentist; a closeness of fit and beauty of appearance being obtained equal to nature. All imitations should be carefully avoided, the genuine being only supplied by Messrs. GABRIEL, the old-established Dentists, from 3s. 6d. per Tooth—Sets 4l. 4s. Observe name and number particularly, 33, Ludgate-hill, London (five doors West of the Old Bailey); and 134, Duke-street, Liverpool. Established 1804.

Prepared White Gutta Percha Enamel, the best Stopping for Decayed Teeth, renders them sound and useful in mastication, no matter how far decayed, and effectually prevents Toothache.—In boxes, with directions, at 1s. 6d.; free by post, 20 stamps. Sold by most Chemists in Town and Country. Ask for Gabriel's Gutta Percha Enamel.—See opinions of the Press thereon.

GABRIEL, Surgeon-Dentists, 33, Ludgate-hill, London, and 134, Duke-street, Liverpool. Established 1804.

TEETH.—MR. HOWARD'S PATENT.—

A new and invaluable invention connected with Dental Surgery has been introduced by Mr. HOWARD; it is the production of an entirely new description of ARTIFICIAL TEETH, fixed by his PATENT SYSTEM of SELF-ADHESION, without springs, wires, or ligatures, by the application of a Chemically Prepared White and Gum-coloured soft and very flexible Material, which is so highly approved of in the construction of Artificial Teeth and Gums. They so perfectly resemble natural teeth, as not to be distinguished from the originals by the closest observer. They will never change colour or decay, and will be found very superior to any teeth ever before used. This method does not require the extraction of any teeth or roots, or any painful operation whatever, and from the softness and flexibility of the Material used, the most perfect fit is obtained, to the exclusion of all atmospheric air, and the teeth kept perfectly Firm in their places by Self-Adhesion, without springs or wires, and they will support and preserve the teeth that are loose, and are guaranteed to restore articulation and mastication. The invention is of importance to many persons, and those who are interested in it should avail themselves of this most valuable discovery.

Mr. Howard, Surgeon-Dentist, 17, George-street, Hanover-square, London. At home from Eleven till Five.

SOUND and WHITE TEETH are indispensable to PERSONAL ATTRACTION, and to health and longevity, by the proper mastication of food.

ROWLANDS' ODONTO, OR PEARL DENTIFRICE, A white powder, is composed of the Choicest and most recherché Ingredients of the Oriental Herbal. It extirpates all tartarous adhesions to the Teeth, and insures a PEARL-LIKE WHITENESS to the enamelled surface. Its ANTI-SEPTIC and ANTI-SCORBUTIC PROPERTIES exercise a highly beneficial and salutary influence; they arrest the further progress of the decay of the Teeth, induce a healthy action of the Gums, and cause them to assume the brightness and colour indicative of perfect soundness, while, by confirming their adhesion to the Teeth, they give unlimited enjoyment and fresh zest to appetite, by perpetuating effective and complete mastication. The Breath, also, from the salubrious and disinfecting qualities of the ODONTO, attains a sweetness and fragrance truly grateful to its possessor. Price 2s. 9d. per box.

CAUTION.—The words "ROWLANDS' ODONTO" are on the label, and "A. ROWLAND & SONS, 20, HATTON GARDEN," engraved on the Government Stamp affixed on each box. Sold by them, and by Chemists and Perfumers.

OLD DR. JACOB TOWNSEND'S SARSAPARILLA PILLS, and ALL-HEALING OINTMENT.

No sooner is the "Invisible Perspiration" checked than a mass of evils begin to manifest themselves. A tightness is often felt in the Chest, Wheezing, difficulty of Breathing, Cold Feet, Heaviness in the Head, Swelling of the Joints, Cold Chills and Hot Flushes—producing a sad variety of Cutaneous or Skin Diseases, Loss of Appetite, Dullness of Hearing, Ague in the Face or Breast, Pains in the Back or Sides, Costiveness, Palpitation of the Heart, or other symptoms, come rushing in to torment the sensitive frame. The surest and shortest method to remove all these ills is to restore what has been arrested, viz.:—the "Invisible Perspiration," by having recourse to OLD DR. TOWNSEND'S ORIGINAL AMERICAN SARSAPARILLA, the noblest preparation of this invaluable root ever discovered. It was introduced into England from America in 1851; and proved, by experience, to be the great purifier of the Blood, unparalleled in efficacy to restore and invigorate the constitution by eradicating all impurities from the system. It affords the greatest relief in all cases arising from irregular or obstructed perspiration, Colds, Coughs, &c., and all cutaneous disorders, giving a clear and healthy appearance to the skin. It is perfectly mild in operation, at the same time extraordinarily beneficial in effect—its peculiar composition and agreeable flavour render it a *ne plus ultra* in Medicine. Parents, who are reminded that Children are frequently much injured from the injudicious administration of Calomel, Scammony, and other strong purgatives, will find this celebrated Medicine obviate many infantile complaints; which, unrestrained, lay the foundation for a life of premature decay and suffering. The youth of both sexes, and especially the female—when opening into life, and the parent's advice and authority most unwisely too often set aside—would find the distress and irregularity of many incidental complaints peculiar to that era greatly ameliorated. The comforting properties of this restorative medicine to more matured life are well known to thousands who have greatly benefited by its use, and are ever ready to bear testimony of its powerful remedial aid; and to old age, when medicine generally appears losing its influence, and lassitude and languor, and weakness and decay are making sad inroads upon the once stalwart frame, no medicine ever previously discovered has been so great a blessing as this. Very many aged persons have enjoyed from its use a prolonged and pleasant existence, free from much of that weariness and pain arising from the vitiated and torpid circulation of the vital fluid. The more these original American medicines have become known, the more they are appreciated; and so extensively are these preparations used in the United States, as almost to supersede any others.

The public are seriously cautioned not to be deceived by any SPURIOUS IMITATION, however plausibly placed before them, but be careful to observe the signatures, in red.

Prices: Half-pints, 2s. 6d.; Pints, 4s.; Small Quarts, 4s. 6d.; Quarts, 7s. 6d.; Mammoth, 11s.

OLD DR. JACOB TOWNSEND'S SARSAPARILLA PILLS.

These Pills, composed entirely of American vegetable products, without the addition of any mineral or mercurial preparation whatever, exert a most salutary influence over the system, and are instrumental in relieving many neglected, obstinate, and long-standing complaints, arising from Constipation of the Bowels, Flatulency, Indigestion, inaction of the liver, consequent headache and nervous irritability, destructive of the energetic action both of body and mind. They are extremely gentle in their operation, and seldom produce griping or distress of the bowels. The superiority over other cathartic medicines will be immediately apparent, because they act through the entire intestinal canal with equal efficiency, removing all obstructions, humours, and irritating substances from the stomach downwards, whereas most other purgatives act only upon certain of the smaller or larger intestines, and consequently do little good, and sometimes great injury to the nervous system.

OLD DR. JACOB TOWNSEND in his researches among the vegetable productions of his native land, in the woods and prairies of America, was enabled by great diligence and long investigation to extract from them, in a concentrated form, all their medicinal virtues, which, by a happy combination, with a peculiar consolidated extract of Sarsaparilla, produced this extraordinary domestic medicine—mildly aperient—cleansing the blood—promoting appetite—restoring vigour to the system—free from anything of an injurious tendency, and greatly enhancing the pleasures of life.

The demand is daily increasing for these Pills, which are always useful in a family, and seldom leave when once introduced; and, in connexion with the Sarsaparilla, have wrought some of the most wonderful cures on record. 1s. 1½d., 2s. 9d., and 4s. 6d. a box.

OLD DR. JACOB TOWNSEND'S ALL-HEALING OINTMENT.

This Ointment is unlike any other in existence, either in its action or its effects. It assists in promoting the "Invisible Perspiration," and relieves the cuticle when in a dry, parched, or feverish state, produced by cold or other causes. When applied to old sores, inflammations, swelling eruptions, or any disease of the flesh and bones, it causes the parts to discharge all their putrid, morbid substances, and then heals them. It never dries up a sore, or closes over any wound or break of the flesh, until it has drawn away all the irritating, poisonous matter, which it effectually does; after which the parts heal. There is no wound, or swelling, or chronic disease of the leg. Fever sores, Inflammation, Eruption of the Skin, Scrofulous development, and other like maladies of the flesh and blood, that this Ointment will not cure, provided the blood is purified also with Sarsaparilla. It is inestimable for Croup, Quinsy, Sore Throat, Bronchitis, Scald Head, Asthma, Ague in the Face, Ear Ache, Head Ache, Swelled Glands, &c., &c. It is also a sovereign remedy for Burns, Scalds, or any abrasion of the flesh, produced by fire or other causes. Price 1s. 1½d., 2s. 9d., and 4s. 6d. per box.

Persons desirous of knowing their true character, or that of any friend in whom they may be interested, must send a specimen of their writing, stating sex and age, or supposed age, with the fee of 14 penny postage stamps, to Miss Russell, 1A, Arlington-street, Mornington-crescent, London, and they will receive in a day or two a full and minute detail of the gifts, defects, talents, tastes, affections, &c., of the writer, with many other things hitherto unsuspected, calculated to guide them through life. All letters are considered strictly confidential, and to prevent mistakes, applicants are requested to enclose an envelope properly directed to themselves. The many thousands who have thankfully acknowledged the value of advice given, and the accuracy of Miss R.'s portrayals of character, establish the truth and value of the science beyond a doubt. "Your long letter, though very flattering, my friends say is amazingly correct." A. D. "Mamma says the character you gave me is very just, and not too good." Rev. H. F. "My faith in graphology is confirmed; your success is extraordinary." B. W. "I am glad your opinion of her character coincides with my own." "By these means men about to engage in partnership, or to have important transactions with any one, may know beforehand the character of the person with whom they will have to do; in like manner lovers may be made wise beforehand; and those who have secret enemies may be warned, and enabled to prepare for the worst."—Household Words.

Read the following cases of sickness, dizziness, rheumatic pains, &c., all cured by PAGE WOODCOCK'S WIND PILLS:—Copy of a Letter from Mr. William Noble, Hannah-street, West Hartlepool, dated Sept. 9, 1853:—

"Honoured Sir,—I now write you a few lines of the case of Mary Harrison, of Greattham, in the county of Durham. Her complaint was violent sickness and dizziness in the head, which so affected her that she could scarce go about. She tried many things which were recommended to her, but all did her no good, until she saw one of your bills respecting the Wind Pills. She tried one box, and the benefit she received was so remarkable as to induce her to persevere in their use. Now she is quite well, and wishes her case may be published, that others may receive benefit from them.—I now come to my own case. I have been afflicted with a very severe rheumatic pain in my right shoulder and a violent pain over the small of my back for a great number of years; but now, thank God, by taking two or three small boxes of your Wind Pills, I am as free from pain as any man living. If you think this of any use, you may make what use of it you please.—Honoured Sir, I remain, your obedient humble servant,

"To Mr. Woodcock."

RUPTURES CURED WITHOUT A TRUSS.

All sufferers from this complaint (especially those who have been deceived by the pretensions of empirics who have advertised their "so-called" remedies) are earnestly invited to communicate with Dr. Thomson, as he can confidently guarantee them relief in every case. His remedy has been extensively used for many years past with perfect success, and is now made known as a public duty, through the medium of the press. In every case of single or double Rupture in either sex, however bad or long standing, it is perfectly applicable, effecting a radical cure in a short time, without confinement or inconvenience, and it cannot fail to be appreciated as a blessing to those who have been for years, perhaps, obliged to wear galling trusses, or other modes of support. Patients in any part of the Kingdom can have the remedy sent to them, post free (packed so that no one can know the contents), with full and simple instructions for use, on receipt of 10s. in postage stamps or by post office order, payable at the General Post Office to Dr. Ralph Thomson, 1A, Arlington-street, Hampstead-road, London. Sufferers are informed that this remedy can be procured in NO OTHER WAY than by sending direct to Dr. Thomson for it; thus they are effectually protected against the possibility of imposition.

The following Testimonials are selected from upwards of 2,700 in the possession of the Doctor, and are used with the full consent of their writers:—"If anything is worth knowing, it is worthy of being extensively known, and I consider there can be no degradation in your advertising your remedy, as you aim at the mitigation of suffering and the preservation of life, and your name and position ought to protect you from the shafts of envy and malice." J. Pereira, M.D., Professor of Medicine. "Your remedy quite cured the case I told you of." J. M., Esq., surgeon, Edgware-road. "I find myself completely cured, and have tried every means to prove the cure by lifting and running, which, I am happy to say, I can do without pain or using any truss." F. W. "Many thanks for your remedy; I have thrown my truss away, glad enough to get rid of the torture of it." G. H. "Your remedy has cured my rupture, and I have used violent exertion since without any sign of its reappearance." Miss B. "A fair time has elapsed since I used your remedy, moreover I have been examined by our surgeon, who declares I am quite cured." J. P. "I applied your remedy six weeks ago, and it gives me great pleasure to inform you my rupture has not been down since." D. L.

SYDENHAM TROUSERS, COATS, and WAISTCOATS, 17s. 6d., 33s., and 8s. 6d. respectively. Also a large assortment of Eight Alpaca Sydenham Overcoats for Summer Wear, 12s. 6d., and Melton Jacket, 17s. 6d. These goods are all made with peculiar care. The SYDENHAM CONSTRUCTION is effectually directed to secure a perfect and truly graceful fit, without the least restraint, strain, or encumbrance in any position of the body. The SPIRIT OF PROGRESS, the GENIUS OF IMPROVEMENT is the motive power of this age. "FORWARD" is the WATCHWORD. What a wonderful improvement has not remodelled the fashion, the material, the price, the convenience, and the healthfulness of clothing! Only fifteen years ago, similar articles of clothing, neither so well made, nor, as a rule, of as good materials, were costing the wearer more than twice as much. The construction of clothing of what was considered an unimpeachable fit, was rather that of a straight-waistcoat than anything else. The elegant "exquisite" must needs be a hog in armour. A little observation of the admirable symmetry of the human frame long since convinced the Inventors of the SYDENHAM CONSTRUCTION that this was a grievous mistake, and by devoting much attention to the subject, they were enabled to contrive their present method, whereby they secure a more invariable fit, together, not only with an appearance of ease, which is in itself a constituent of true elegance, but with actual and undeniable comfort. BOY'S SUIT COMPLETE upon the same principle, 24s. FULL DRAWING-ROOM DRESS SUITS, 55s. Light Alpaca SYDENHAM SUMMER OVERCOATS, 12s. 6d., made with a degree of care hitherto unknown in this class of goods. DUNN'S TAILORS' LABOUR AGENCY, 13 and 14, NEWINGTON CAUSEWAY.

This business continues to be distinguished by those features which brought it under public notice eight years ago. The complete success of the principles by which it sought to identify the interests of the working man with those of the public has been manifested by the social progress it has made and the respectful notice it has received from all quarters. Its conductor has no sympathy with the notion that the employer of labour has nothing to do with his workmen but receive their work and pay their wages. Their relation to each other has, by mutual helpfulness and co-operative effort, made the Tailors' Labour Agency remarkable for its educational and other progressive measures, which have been accomplished mainly by the absence of slopwork, and by the remunerative wages which its operatives enjoy. Its extensive business, and strict adherence to cash payments, has admitted of its profits being fixed upon a scale with which few houses can compete; while its customers are guaranteed the supply of clothing first-rate in quality and workmanship, which no other house in the trade can surpass. Its extensive premises afford a display of ready-made goods, equal in finish and character to those made to order, and for which the same wages have been paid—a feature peculiar to this establishment; and the erection of a large workshop, now in progress, will increase its facilities for the prompt and satisfactory execution of every order. Those who desire to see the social condition of the operative bettered by means of his own industry, are invited to examine the principles and arrangements of this Institution, full particulars of which will be sent by post on application.

N.B. Omnibuses reach Newington-causeway from all parts of London via the Elephant and Castle.

GUTTA PERCHA TUBING FOR WATERING GARDENS, &c.

THE GUTTA PERCHA COMPANY have been favoured with the receipt of the following Testimonials:—

From Mr. J. FARRAH, Gardener to BOSWELL MIDDLETON JALLAND, Esq., of Holderness House, near Hull.

"I have had 400 feet of your Gutta Percha Tubing (in lengths of 100 feet each, with union joint) in use for the last twelve months for watering these gardens, and I find it to answer better than anything I have ever yet tried.

"The pressure of the water is very considerable, but this has not the slightest effect on the tubing.

"I consider this tubing to be a most valuable invention for gardeners, inasmuch as it enables us to water our gardens in about one-half the time, and with one-half the labour formerly required."

From J. H. ECCLES, Esq., Surgeon, Plymouth.

"The tubing I have found most convenient in watering my garden, and doubt not that it may be substituted for lead pipes in most instances with great advantage, as well on account of its remaining unchanged by the action of acids, &c., as by its power of remaining uninjured by the action of intense cold."

Tubing of any length and size, with joint, union joints, roses, spreaders, &c., may be had to order, manufactured at the Company's Works, Wharf-road, City-road, London; and sold by their Wholesale Dealers in Town or Country.

Every variety of Gutta Percha Articles, such as Mill-bands, Tubing, Soles, Sheet, Pump-buckets, Fire-buckets, Boases, Union-joints, Flasks, Bottles, Bowls, Chamber-vessels, Toilet-trays, Curtain-rings, Galvanic Batteries, Talbotype-trays, Submarine and Subterranean Telegraph Wire insulated with Gutta Percha, &c., &c., manufactured by the Gutta Percha Company, and sold by their Wholesale Dealers in Town and Country.

N.B.—The Company's Illustrated Circulars, with Instructions for Joining Tubes, &c., and for securely attaching Gutta Percha Soles, will be forwarded (post free) on receipt of four postage-stamps.
